Clan Compulsion

Obsession

Enraptured by beauty, you become temporarily obsessed with a singular gorgeous thing, able to think of nothing else. Pick one feature, such as a person, a song, an artwork, blood spatter, or even a sunrise. Enraptured, you can hardly take your attention from it, and if spoken to, you only talk about that subject. Any other actions receive a two-dice penalty. This Compulsion lasts until you can no longer perceive the beloved object or the scene ends.
